A lonesome
Day

Squally weather with variable winds Course E. S. E. Beginning to realize that I am again separated from family and friends which I so much love but with pure motives I have attempted the voyage believing that I shall be prospered and in due time permitted to return home no more to go out upon the great Ocean It is a comforting thought to know that God is with me and that while he is with me he is also with those I love My Prayer is that family and friends may be well cared for in my absence

Seen no whales last night arrived on

"The scrip of the Union Marine Insurance Co having been retired a dividend of $16\frac{2}{3}$ per cent has been declared on all Premiums Paid to the Company since Dec 31st 1864. payable on first prox. This is preliminary to the winding up of the Company all risks having terminated, but the organization will have to be continued some time longer until a number of Contested Claims are settled. "Ten Rules"

- 1 Never put off till tomorrow what you can do today.
- 2 Never trouble another for what you can do yourself.
- 3 Never spend your money before you have it.
- 4 Never buy what you do not want because it is cheap.
- 5 Pride costs us more than hunger thirst or cold.
- 6 We seldom repent of Eating too little.
- 7 Nothing is troublesome that we do willingly.
- 8 How much pain the Evils have cost us that have never ^{gave} happ.
- 9 Take things always by the smooth handle.
- 10 When angry count 10 before you speak and if very angry count a hundred. July 18 1877

"Our lives are albums, written through with good or
With good or ill, with false or true:
And as the blessed Angels turn
The pages of our years,
God grant they read the good with smiles,
And blot the ill with tears." July 1877

Gods word fifty six times in the plainest-
most unmistakable manner ever whel-
ming way declares that there is a Hell

Cure for Billiousness

Eat nothing for 24 hours, and fill your stomach with Cold Water on retiring and rising. For 3 days after complete fasting, Eat Crusts of Bread, and drink Cold water, and go intirely without your supper. During these days you will constantly increase in strength and activity. Then resume with with great temperance your ordinary food.

The "Congregationalist"

Let the winds ~~of~~ and waves of adversity blow and dash around you, if they will; but keep on in the path of rectitude, and you will be as firm as a rock. Plant yourself upon principle, and bid defiance to misfortune. If Gossip, with her poisoned tongue, meddles with your good name, heed her not. Carry yourself erect; let your course be straightforward, and by the serenity of your countenance and the purity of your life, give the lie to all who would moderate and belittle you.
